

**Students graduating from your institution tend to:
(Please *circle only one*)**

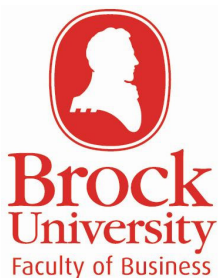

- a) Perform better at University if they've taken a language course in high school**
- b) Have the most difficulty with calculus**
- c) Perform better at University if they've been involved in a leadership activity in high school**
- d) All of the above**
- e) None of the above**

Stumped?

Our experienced team, in collaboration with the CESI-CAIS National Tracking Project, can help track your students' performance from the day they walk in your doors to the day they get their degree!

Tracking performance will allow you to identify areas for improvement to better prepare your students for success at University.

We have been working with the CESI-CAIS National Tracking Project since 2008 and are pleased to ensure 100% confidentiality.
